POLICE INVESTIGATE SHOOTING INCIDENT IN STOCKTON NEIGHBORHOOD

(San Diego) San Diego Police Department Homicide Unit detectives are investigating an early morning pursuit that was followed by a suspect shooting at officers at the arrest location.

This morning, at approximately 2:08 a.m., a Central Division officer noticed three vehicles (which appeared to be driving in tandem) at South 28th Street and Everett Avenue. The officer attempted to stop the third vehicle for expired registration, but the driver fled. The officer initiated a pursuit that was terminated when the suspect drove north in the southbound lanes of I-15. The other two vehicles, including a gray Ford Explorer, left the area during the pursuit.

Three minutes later, an officer located the suspect vehicle in the 3000 block of Broadway. A second pursuit ensued, and the suspect drove to the 3200 block of 'K' Street, where he abandoned the vehicle and attempted to flee on foot. Officers took him into custody without incident.

At 2:40 a.m., while officers were still at 3200 'K' Street, the occupant of a gray Ford Explorer fired multiple rounds from southbound I-15 just south of Market Street towards them. The officers reported hearing the rounds pass them. No one was injured, nor was any home reported hit.

The Homicide Unit is coordinating the shooting investigation with the department's Street Gang Unit.

The pursuit suspect, Carlos Millan-Coronel, 18, will be booked into San Diego Central Jail for felony evading.
